

Assignment#7 (Lab)

Evaluation: Week # 14, during lab class

ASP.NET – Data Controls

- 1- Create a Web Form with the name: student.aspx. It should contains the following:
 - A GridView that displays all the students in the database.
 - Enable the advanced editing statements.
 - Enable Paging, Editing, and deleting.

 - A DetailsView that displays the current selected record from the GridView.
 - Enable inserting, editing, deleting.

For both GridView and DetailsView, use the 'Rainy Day' scheme.
